

## 2018 BEVERAGE OPTIONS

At Bube's Brewery, we have both a brewing license and an alcoholic beverage license. Your options include offering some hand crafted beer made by our talented brewing staff from our own microbrewery (Bube's Beer); beers from approximately 20 other breweries; a wide selection of wines by the bottle, carafe, or glass; and mixed drinks of all types. Non-alcoholic beverages include sodas, punches, teas, coffees, and sparkling or still bottled waters. The first thing for you to decide is whether your function will include an open bar, limited bar, or a cash bar: (all prices are subject to change)

- **Open Bar** - you will be paying for your guest's beverages.
- **Cash Bar** - your guests will be paying for their beverages, except for coffee, hot tea, and ice water which we include in all group menu options except for groups ordering from one of our regular restaurant menus.
- **Limited Bar** - you will be paying for beverages that you prearrange and your guests will be paying for any beverages not included with your bill (except coffee, hot tea, and water as mentioned above).

Some of the many options for you to consider to include at your limited bar:

### BUBE'S BEER

- Sixtel (5 gallon keg) ... \$145.00 - \$220.00
- Pitcher (64oz.) ... \$16.00 - \$22.00
