

## 2018 ENTRÉE BUFFET MENU

These items are main course items that can be presented at a buffet. They are arranged here assuming that they will be the main course of your dinner. These items are portioned so that your guests may have some of each item, they do not have to choose between them. This buffet also includes a served or stationed salad with house dressing, fresh baked rolls and butter, as well as a choice of a vegetable dish and a starch dish at the buffet.
